

The online marketplace for aviation professionals

The powerful website connecting buyers and sellers of aviation based products and services worldwide. Reach buyers and sellers through browsing the Virtual Warehouse and searching the Wanted and Sales Notice Boards that can be accessed 24/7.

Whether you are selling your Bell Jetranger helicopter or Cessna 152 aircraft, looking to purchase a turbine wheel for your PT6T or Rolls-Royce Model 250, a fuel unit for your CFM56 or an undercarriage unit for your B737, or even trying to identify a component repair facility, try aeropartslocator.com first.

OEMs, MROs or Distributors, you can advertise your product for free! There is no membership charge or commission for individuals that register and browsing the Virtual Warehouse is also free for your customers!

Upload stock listings to our Virtual Warehouse quickly from anywhere in the world, using our simple to use software application. Decide which parts are visible to everyone and which are only available to members of each vendor group.

Purchasers, simply type your part number or description in the search box to see what current stock is available and when you have found what you are looking for you can link directly to the supplier.

If you can't find what you are looking for in the Warehouse, you can place a Classified Advert on the Wanted Notice Board section.

Looking for a repair facility? Then try aeropartslocator.com.

Website Features

- *Virtual Warehouse*
- *For Sale And Wanted Classified Advertisements*
- *Find a Repair Station*
- *Post Inventory Packages for Auction*
- *Bid to Repair Auctions*
- *Post RFQs and More!*

Bid to Repair

The Bid to Repair feature allows upload of unserviceable components that require rework via the My Account section. Registered Repair Stations can bid for the work in a Reverse Auction. All Auctions will last for 14 days and lowest bidders will receive an e-mail from aeropartslocator.com when the bid has expired.

Advertise on aeropartslocator.com

Advertising on aeropartslocator.com provides a cost effective way to promote your company's products and services and in turn can help to attract new business. We offer a number of options to do this. Please contact us for more details.

Inventory Packages

Upload inventory packages/surplus stock via the My Account section. Log onto aeropartslocator.com and enter the unique ID number to display details of the package, users can then bid for the packages in an on-line Auction. All Auctions will last for 30 days and the highest bidder will receive an e-mail from aeropartslocator.com when the Auction has expired.

Virtual Warehouse Part Search

Browse the Virtual Warehouse to locate a part, then contact the Seller direct.

Parts For Sale

If you have parts For Sale then why not post a Classified Advert on aeropartslocator.com? Registered Individuals and/or Companies can place their Classified Adverts here on the For Sale Notice Board.

Parts Pooling

aeropartslocator.com has teamed up with international freight forwarder B&H Worldwide Ltd to provide a centralised bonded customs warehouse at London's Heathrow Airport. This will allow Registered Companies to set up and hold a controlled Parts Pool of Rotable components in one centralised location, thus reducing the cost of holding the same part in multiple locations, that could in turn result in overstocking.

My RFQs

If your company policy requires you to seek RFQ's from more than one potential supplier then aeropartslocator.com could help reduce your administration. The My RFQ feature allows you to simply upload requirements via the My Account section and all other Registered Companies that have elected to receive My RFQ details will be notified via an auto e-mail. All My RFQ's posted will remain live for 14 days.

Freight

aeropartslocator.com has teamed up with international freight forwarder B&H Worldwide Ltd to help buyers and sellers alike freight parts efficiently and effectively throughout the world, both by air and ocean.

Parts Wanted

Can't find what you are looking for? No problem! Why not post a Classified Wanted Advert on aeropartslocator.com? Registered Individuals and/or Companies can place their Classified Adverts here on the Wanted Notice Board.

Find Repair Facility

Looking for an approved Repair Facility? Then search aeropartslocator.com by Part Number/Description or My Country.

aeropartslocator.com is brought to you by professionals with an extensive practical knowledge of the aviation sector. Our mission is to provide a cost-effective, easy-to-use tool for linking buyers and sellers world-wide.
